COMMUNITY POLICING NEWS

Dear Resident,

I am pleased to report that there has been an expansion of Community Policing in your area. The gardai have advised that this increased focus on Community Policing is not an investment in a specialist role but merely a style of policing to be adopted and integrated in the area. The Community Policing teams include a dedicated Inspector supported by dedicated Sergeants, uniformed and plain clothes Gardaí. Each team has been deployed to a specific sector where they have ownership and responsibility for Crime and Public Order prevention and reduction, problem solving, Community engagement and partnerships.

The ultimate aim of this increased focus on Community Policing is to make each Sector safer for the people who live, work or visit that area and therefore increase the quality of life for those people.

A Community Policing Office has been established at the Divisional Office, Store Street and the staff of this office will support operational functions on the ground. Along with other duties staff at the Divisional Community Policing Office will maintain constant communication with stakeholders to identify on-going issues and to access the level of stakeholder's satisfaction with the Garda service. The Divisional Community Policing Office is critical to the efficient and effective policing of each sector.

Gardai Yvonne Crowley & Garda Christine Ryan are currently working in this office. They can be contacted at 01 666 8107 01/666 8108 or e-mail - yvonne.e.crowley@gardai.ie / helen.c.ryan@gardai.ie. This office is open 7 days a week from 9am to 6pm Monday to Friday and 7am - 3pm Saturday & Sunday.
