# N313P

This plane has been used to spread torture & terror....

## Did you know.....?

- 1) Over 300,000 US troops pass through Ireland every year
- 2) Shannon airport is also used by the CIA for refuelling of illegal torture flights
- 3) The Irish government refuse to search any of these US flights despite breaches of international law
- 4) This is at a cost of over 10 million euro to the Irish tax payer who pays for the air traffic control costs of the US military while in Irish air space
- 5) So the Irish taxpayer are subsidising the US illegal invasion and occupation of Iraq

Labour Youth is calling for:

- 1) The full withdrawal of the American military from Shannon Airport
- 2) Investment of the 10 million euro in caring not killing (health and education instead of war)
