LABOUR

LET'S BUILD A STRONGER IRELAND TOGETHER

My name is Kevin Humphreys and I am your Labour Senator in Dublin Bay South and am the Party Spokesman for Dublin. I became active in politics through my passion for local community and have been campaigning on many issues like supporting public health, building community facilities, urban planning, and protecting our environment. My belief is that we must build a positive environment for our families. I have represented Dublin Bay South from 1999 to 2017 and have previously served as a Minister of State at the Department of Social protection. It has been an honour to represent the people of Dublin Bay South for the past 18 years as counsellor and TD. If you have any issues you would like to discuss either locally or nationally, please contact me.

ISSUES KEVIN HAS BEEN WORKING ON

Affordable & Social Housing: families must be able to rent or buy a home and live in our city.

Education: provide parental choice and access to a local school for your child, and deliver a public non-denominational secondary school in our area.

Tackle Climate Change: with sustainable development, and flood defences to protect your home and business.

Cycling & Public Transport: securing investment in cycling lanes and funding for a roll out of Dublin Bikes to our urban villages.
